

ClaimsPay[®]

The Outbound Payments Processor of the One Inc Digital Payments Platform

Product Summary

ClaimsPay[®] is a proven digital payment solution that empowers insurers to disburse claim payments to anyone, using any method, and from anywhere. Built by insurers for insurers, ClaimsPay[®] increases customer retention, cuts costs, and reduces risk by delivering fast and secure digital payments through customers' preferred channels and methods.

Customer-Centric Insurers use ClaimsPay[®] to:

- ✓ **Improve customer retention** – Get funds into claimants' hands faster with digital payment methods and channels that will delight policyholders and boost retention.
- ✓ **Accelerate digital transformation** – Easily connect the SaaS-driven ClaimsPay[®] platform to your existing Guidewire, Duck Creek, Majesco, Insuresoft or legacy system without burdening your IT team.
- ✓ **Save time and money** – Streamline complex multi-party processes related to paying mortgagees, lienholders, vendors, and service providers with digital approvals, insurance-specific workflows, and self-service tools.
- ✓ **Simplify security and compliance** – Eliminate check fraud and keep your policyholders' sensitive data safe and compliant by storing payment information off your network.

How it Works

- 1 Integrate One Inc directly into your claims management system(s) using one of our accelerators, or via One Inc APIs.
- 2 When paying a claim, your claim adjusters notify every payee (claimants, vendors, service providers, lienholders, etc.) by email, text, or mail.
- 3 Email and text recipients click a link, authenticate themselves, approve the payment amount and method. Letter recipients receive a virtual payment card.
- 4 Payees receive funds through their payment method and channel of choice once all approvals have been collected.

Supported Use Cases

- ✓ Single and Multi-Party Claim Payments
- ✓ Vendor and Service Provider Payments
- ✓ Mortgagee Payments
- ✓ Lienholder Payments
- ✓ Premium Refunds
- ✓ Subrogation Payments
